

PACER P08 WAX & GREASE REMOVER

PRODUCT DESCRIPTION:

Pacer P08 wax & grease remover is a highly effective and fast acting blend of solvents. Ideal for use of cleaning panels at various stages of the refinish which will remove heavy contamination such as wax, grease, oil, tar and road grime. It will also clean less obvious containments such as finger marks and silicone which can cause defects in refinishing. Suitable for most surfaces without damaging existing sound paintwork

APPLICATION: Used to clean panels at various stages of the refinishing process. Pacer P08 Wax & Grease remover is suited to 2 pack, acrylic, auto enamels and quick dry paint coatings.

DIRECTIONS: Testing on small areas is always recommended prior to application to determine suitability as certain plastics and painted or lacquered surfaces can be damaged. Use over bare metal before the application of primers. Also use after sanding and prior to application of top coats.

Use a lint free clean cloth and apply generously to the surface. Wipe small areas at a time, then dry with a separate clean cloth. **Do not allow Pacer P08 Wax & Grease remover to dry on the surface.** Regularly replace cloths to avoid spreading any contamination on the surface. Repeat the procedure until all contaminants are removed. Avoid contact with the cleaned surface.

PACK SIZES: 1L - PWGR1, 4L - PWGR4,
20L - PWR20 , 200L - PGRW200

STORAGE: Store upright in a cool, dry, well ventilated area away from heat, ignition sources and direct sunlight. Always replace the lid securely after use.
