Shipping & Returns Policy

Returns

WHAT can be returned?

Items still in their original condition and packaging can be returned within 30 days of purchase. This excludes any custom orders.

WHEN do items need to be returned by?

Items must be returned within 30 days of purchase.

WHERE do items need to be returned to?

Items are to be returned to Country Club International, 6 Gateway Drive, Carrum Downs, Victoria, Australia, 3201 unless otherwise instructed.

HOW do I return an item?

Before returning an item customers must obtain an RMA (Return Merchandise Authorisation) by contacting info@countryclub.com.au or raising a dispute in their online account. Further instructions will be provided to the customer regarding the return of the item. Items returned without an RMA will not be processed.

SHIPPING for returns?

The customer is responsible for the cost of return shipping. Original shipping costs are non-refundable. Country Club International may, at its discretion, choose to arrange appropriate return shipping and invoice the customer accordingly. This will be discussed with the customer on a case-by-case basis.

CREDIT for returns?

All refunds will be paid via bank transfer to the customer's nominated bank account. For 'Account' customers, credits will be applied to the company account available for use on future orders and will show on the monthly account statement until applied accordingly. This will be discussed with the customer on a case-by-case basis.

Instore return option?

Items can be returned to our warehouse providing the customer has obtained an RMA (Return Merchandise Authorisation) by contacting info@countryclub.com.au or raising a dispute in to their online account. Further instructions will be provided to the customer regarding the return of your item. Items returned without an RMA will not be processed.

Our warehouse is located at 6 Gateway Drive, Carrum Downs, Victoria, Australia, 3201. Items can be returned between 10am-3pm weekdays, excluding public holidays.

Packing materials?

Items must still be in their original condition and packaging to obtain a refund or credit. If the customer is unable to return the item in its original packaging this must be discussed with Country Club International prior to the return of the item.

Items damaged in transit?

Whilst we take great care in ensuring all items are packed safely and securely we do understand that on rare occasions an item may not arrive to customers the way it left our warehouse. In these instances please take a photograph of the packaging before opening it and also photograph the contents showing any damage to the item. We will require these photographs when resolving the issue with our delivery services and/or supplier/manufacture. Please send these photographs, your invoice number and a description of the damage to info@countryclub.com.au and await further instruction regarding the replacement/repair/refund of the item.

Incorrect item delivered?

Please contact info@countryclub.com.au or raise a dispute in your online account within 7 days of receipt of the incorrect item and we will arrange for the incorrect item to be retrieved and the correct item to be dispatched from our warehouse.

Shipping

Rates

Our website features a real-time calculator to give accurate shipping charges. If you have questions about rates or something doesn't seem right please contact us immediately at info@countryclub.com.au.

Packaging

All items are packed appropriately for shipping to your location and as per the requirements of the transport company used for your particular shipment. This can include printed boxes, bubble wrap, satchels, black wrapping etc. We use a range of freight companies to ensure the most affordable and secure shipping to you. This includes Direct Freight, StarTrack, Australia Post, Couriers Please, UPS, TNT and others.

Transit Times

Most items are dispatched from our warehouse in Carrum Downs. In the instances we ship directly from our suppliers we are able to pass on lower costs and shorter transit times to our customers due to less freight handling. Please see below for estimated transit times but should you have a time sensitive order please contact us directly for a more accurate estimation.

- Melbourne Metro: 1-2 Business Days
- Sydney Metro: 1-2 Business Days
- Adelaide Metro: 1-2 Business Days
- Brisbane Metro: 2-3 Business Days
- Perth Metro: 4-5 Business Days
- Hobart Metro: 3-4 Business Days
- Darwin Metro: 5-6 Business Days

If you are located outside a metropolitan area please allow upto an additional 4 business days on the time frames listed above. Should an item not arrive within the estimated timeframe please contact us at info@countryclub.com.au.

Tracking

Upon dispatch of an order a tracking email will be sent to your nominated email address. Use the link provided on this email to track your item during transit. Alternatively you can access your tracking number by logging in to your online account. If you don't receive this tracking email please contact info@countryclub.com.au to confirm your order status and tracking number.

International Shipping

All shipping costs do not include any Customs duties or taxes applicable in the importing country. It is the customers responsibility to research and pay and Customs duties and taxes that may be payable in their own country.

CUSTOM EMBROIDERED FLAGS

At CCI – Golf Course Equipment we take great pride in offering golfing flags of the highest quality. We offer you complete flexibility as to colors, sizes and shapes. Choose a generic design sample of the most commonly found shapes and products. We can provide the intricate embroidery that will enhance your design—giving your flags a level of sophistication and quality that far exceed what most others offer. Why not add a reflective strip for ease of capturing of range finder devices.

The driving range industry is going through a rapid transformation with the advancement in new radar tracking technologies. CCI is proud to be the exclusive Inrange® distributor in Australia and New Zealand.

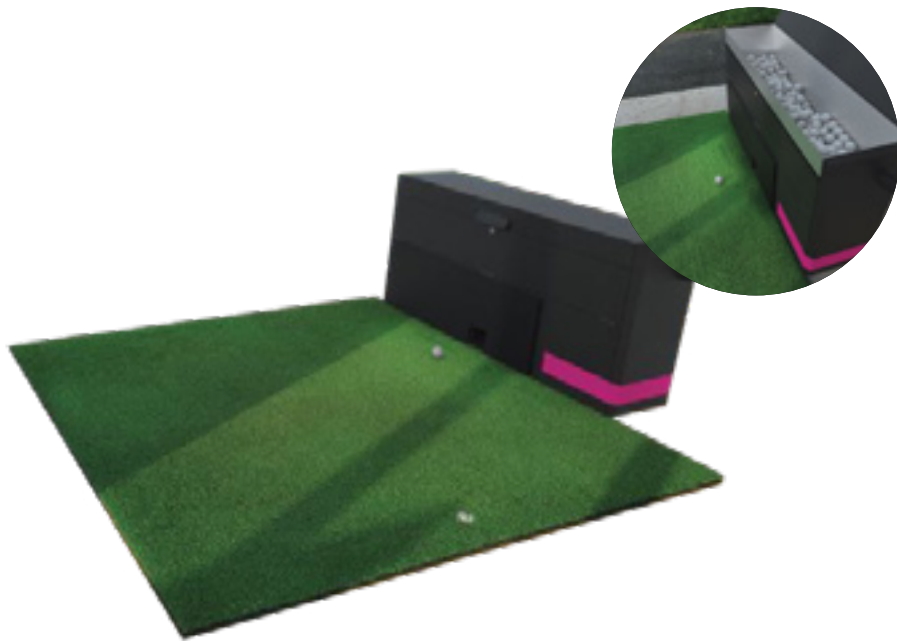

With their advanced radar technology, Inrange are pioneering the way driving range customers around the world experience the game of golf. And that means all customers, from solo-scratch golfers, headphones in, dialing in their 8-iron, to hen nights, first dates and Christmas parties.

Operators are seeing Inrange® transform their facilities, and their bottom line, with:

- Higher range prices across the board
- Up to 2.5x premium pricing for entertainment customers
- Higher return rates
- High occupancy morning to night 7 days a week
- Higher auxiliary spend, from the pro shop, to lessons, to the bar

Get in touch to learn more about how Inrange® could transform your range business.

- Strong Plastic Construction
- Stainless Steel Spikes
- Wide range of colours, styles and sizes

Fairway Markers

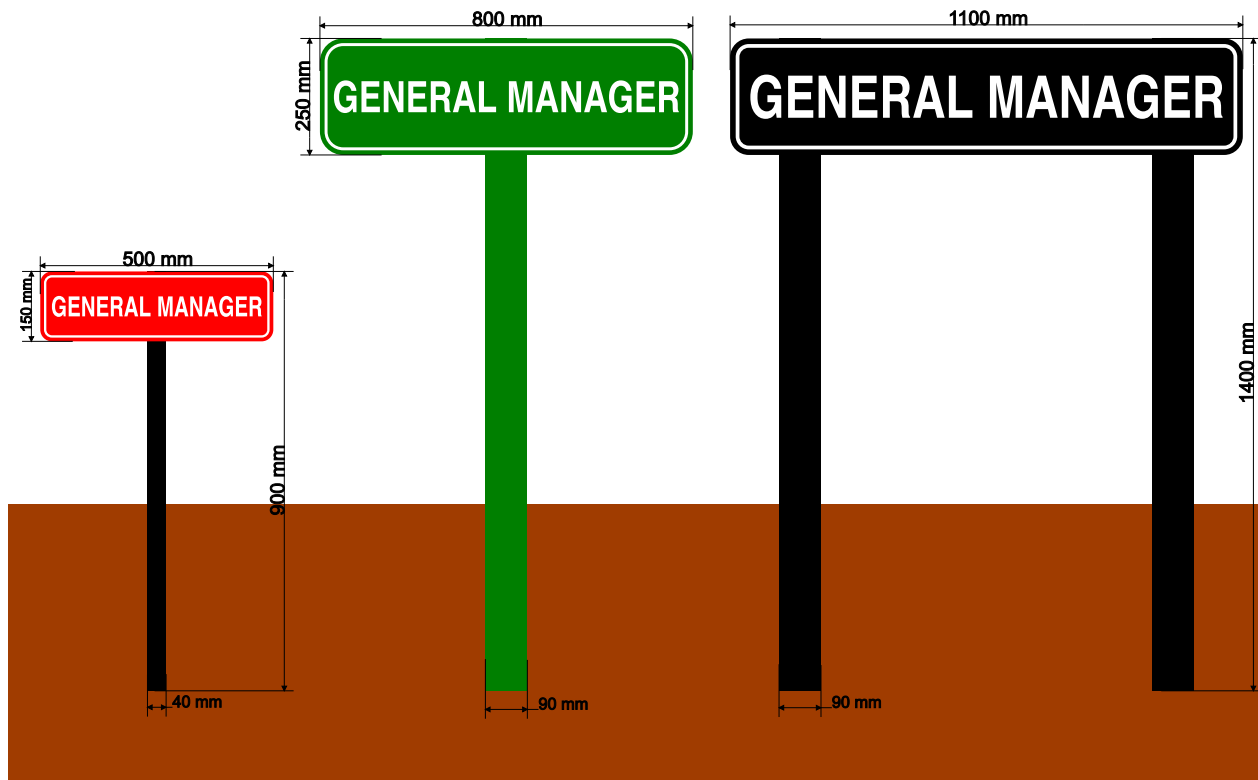

- Strong Plastic Construction
- Stainless Steel Spikes
- Wide range of colours, styles and sizes

Tee Box Discs

- Strong Plastic Construction
- Stainless Steel Spikes
- Wide range of colours, styles and sizes

FORMAL SIGNS

Carpark Signs

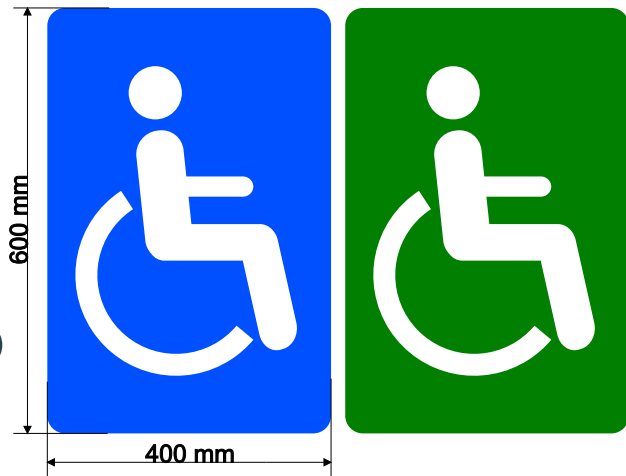

- Routed and painted lettering
- Hand-oiled to maintain a rich, hardwood colour
- Stainless steel spikes

Tombstone Tee Signs

- Routed and painted lettering
- Hand-oiled to maintain a rich, hardwood colour
- Stainless steel spikes

CUSTOM SIGNAGE

Disabled Sign

- Strong Plastic Construction
- Stainless Steel Spikes
- Wide range of colours, styles and sizes

Covid Sign

- Strong Plastic Construction
- Stainless Steel Spikes
- Wide range of colours, styles and sizes

Snake Sign (Red-White)

- Routed and painted lettering
- Hand-oiled to maintain a rich, hardwood colour
- Stainless steel spikes

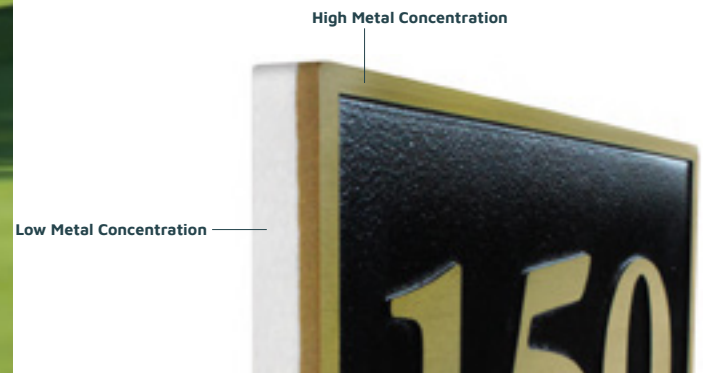

FusionCast Custom Bronze Sign

Pay for the metal you see, not what you don't! FusionCast Custom Bronze Sign proprietary casting methods mix high density urethane with ionized metals, where a high concentration of metal is forced to the face where the metal is of value and visible. Customise your course with a point of difference with design and colour variations.

- Choose from many designs and colour variations
- Proprietary casting methods reduce metal wastage
- Long lasting

CODE FC-SIGN

The ultimate sign of quality.

Nothing helps elevate the perception of course status more than cast metal course signage. But the prohibitive cost of foundry-produced cast signage can be out-of-bounds for most. Now with CCI's line of FusionCast signage, aluminum or bronze metal signs, plaques and markers are within reach.

Our FusionCast signage uses a patented technology that fuses metal with high density urethane (HDU), resulting in dimensional plaques and markers that look, feel and perform like foundry-poured signs, but without the excessive weight and high production costs.

This unique cold-casting technology also lets us create highly detailed customized signs. Emblazon your brand onto tee markers and plaques, in-ground tee and fairway yardage plaques, cart path pyramids, sponsor signs, facility wayfinding signs and tee signs. Every FusionCast sign is available in aluminum or bronze and adds an elegance that enhances the brand of your facility.

FusionCast markers and signs are available in a range of stock template shapes, sizes and mounting configurations. Best of all, our FusionCast signs are proven to perform exceptionally in the harshest climates, providing the richness and rugged durability you expect from high-quality metal signage.

CCI SAFETY FENCING

Country Club International was established in 1992 and has been at the forefront of developing designs and engineering systems for high safety screens in Australia, New Zealand and South East Asia – particularly for Sporting fields, Golf courses and Golf ranges.

Much of the technology has originally been based on systems used in USA and Europe where extreme conditions have demanded "World's best practice" in both design and componentry. In many ways CCI have now taken structural design of safety screens to another level again

As each location bears different typography, atmospheric conditions, geo-technical ground conditions, and prevailing wind directions, all sites can be evaluated by the Country Club International team to provide your customary safety screen solution.

Contact us today!

Ringwood Golf Club/Eastlink - At 30m tall and 520m long this is the biggest and highest engineered safety screens in Australasia

MOTTO 'SUPPLYING
THE BEST. NOTHING
LESS' THAN THE
WORK NOW BEING
DONE BY CCI IN
SAFETY NETTING
SCREENS FOR THE
SPORTS INDUSTRY.**

”

Is your wash bay compliant?

The ESD Waste2Water system is a patented fixed film biological treatment system that utilizes specially engineered microbial blends for the breakdown of hydrocarbon based organic contaminants including oil, grease, petrol, diesel, herbicides, insecticides, fungicides, etc; into carbon dioxide and water. Odour is controlled through an oxygen rich water that does not allow the water to go septic - producing a clear, odourless water for re-use.

The GSMS Series is the latest in wash water recycling technology. The GSMS Series is designed for treating Turf Care maintenance facility equipment with up to 4-hose stations. The addition of the Grass Clipping Separator, the integrated Inclined Plate Clarifier combined with the Biological Treatment System creates a water quality with a low Turbidity. The GSMS provides the versatility to separate the grass clippings, suspended solids and hydrocarbons all in one compact system to produce a high quality recycled wash water. Contact Country Club International to discuss a Turf Care Facility design today and learn more about the GSMS Advantage.

GOLF SOLIDS MANAGEMENT SYSTEM SPECIFICATIONS	INCLINED PLATE SEPERATOR SURFACE	WASHING STATIONS	MEDIA	DIMENSIONS	OPERATING CAPACITY	ELECTRICAL	FRESH WATER	NET WEIGHT
700 Series	277 Square Feet	1 to 2	822.5 Square Feet Surface Area	132 1/2" x 48 1/2" x 64 (LxWxH)	622 Gallon	240 Volt, Single Phase, 40 Amp with Neutral Wire	3/4"	Approx 1,500 lbs. Dry
800 Series	480 Square Feet	1 to 4	2,115 Square Feet Surface Area	186"x60 1/2"x64 (LxWxH)	1,834 Gallon	240 Volt, Single Phase, 40 Amp with Neutral Wire	3/4"	Approx 2,000 lbs. Dry

Recently installed at:
The Australian Golf Club,
Monash Country Club,
Lakelands Golf Club

A CLIPPING SEPARATOR

The wash water slurry flows over the fine mesh clipping screen where grass and other solids slide down the clipping screen and into the Clipping Cart. At the same time, water drops through the clipping screen and into the Solids Separator.

B CLIPPING TRAILER

The Clipping Trailer captures grass clippings, sand particulates and other solids. The solids are dewatered as they drip-dry in the clipping cart. The water drains into a Shallow Sump below the Clipping Cart. Once dewatered, the grass clippings are removed and disposed of appropriately.

C INCLINE PLATE CLARIFIER

The wash water slurry is directed into the Inclined Plate Clarifier allowing the suspended solids to drop to the bottom, while skimming the water and hydrocarbons off to travel into the Biological Treatment Chamber.

D BIOLOGICAL TREATMENT CHAMBER

Once in the Biological Treatment System, the water travels over and under a series of baffles and through a mass of honeycomb bio media covered with specially-formulated microbes. Organic contaminants are consumed by the microbes, and converted into carbon dioxide and water. Creating a low turbidity recycled wash water.

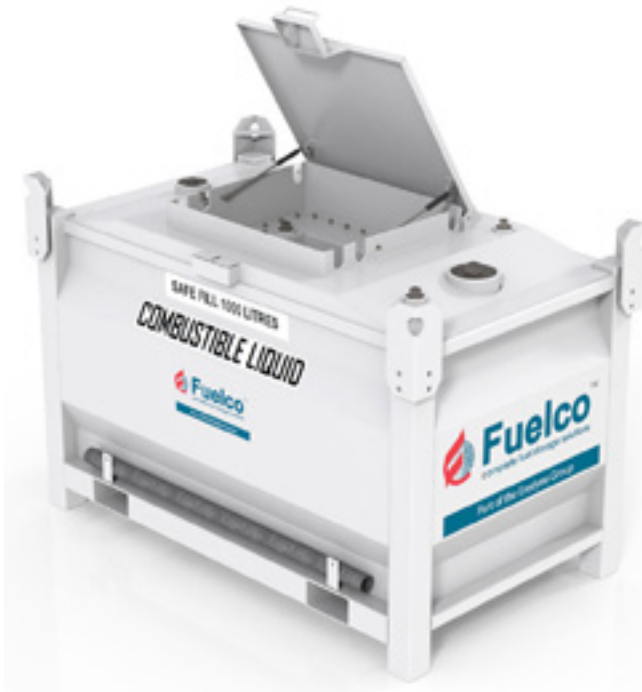

E CONVERTED CONTROLS

The marine grade aluminium covering is designed to protect the intrinsically safe controls from the environment. The GSMS also provides a Water Flow Meter to report the amount of Recycled Water for sustainability.

FUEL STORAGE

Single Compartment Self Bunded Kube Fuel Tank

- Available in 4 different capacities
- Baffled Internally
- Fluid level dipstick, vent pipe and fittings
- Lockable containment area for pump, hose and nozzle storage
- Connect up to 3 generators or industrial equipment simultaneously
- Flammable Compliance Kit (Petrol Only)
- Can be stacked for storage and transport
- Can be lifted via forklift

CODE FC-KUBE

Kube Fuel Tank Rotary Pump Package

- Aluminium pump with cast iron rotors
- Telescopic steel suction pipe
- Operates at 38L per 100 revolutions
- 2.4m of UL listed hose with static wire
- Aluminium spout and check valve
- Suitable for both diesel and petrol applications
- Flammable Compliance Kit (Petrol Only)

CODE FC-ROTARYPUMPPACK

Kube Fuel Tank 240V Pump Package

- 240V Suction Pump rated at 50L/min
- 4m of delivery hose
- Auto shut-off nozzle and mechanical flow
- 13-Micron particulate filter
- Suitable for both diesel and petrol applications
- Flammable Compliance Kit (Petrol Only)

CODE FC-240VPUMPPACK

SAFETY

06

PBA Safety Flammable Storage Cabinet

- Fully welded construction - 1.2mm steel - Double wall - 40mm thermal barrier
- Superior electrostatic high gloss powder coat paint finish
- Dual vents with built in flash arresters
- Close fitting, sequential self closing and latching doors
- 3 point locking mechanisms
- Leakproof fully welded 150mm deep containment sump
- Shelves with built in troughs to contain spills
- Adjustable shelf height increments to maximise space storage
- Adjustable levelling feet to prevent doors binding
- Fire tested, FM Approved exceeds AS1940 compliance

CODE PBA-FLAMMABLE

PBA Safety 100L Under Bench Flammable Storage Cabinet

- Fully welded construction - 1.2mm steel - Double wall - 40mm thermal barrier
- Superior electrostatic high gloss powder coat paint finish
- Dual vents with built in flash arresters
- Close fitting, sequential self closing and latching doors
- 3 point locking mechanisms
- Leakproof fully welded 150mm deep containment sump
- Shelves with built in troughs to contain spills
- Adjustable shelf height increments to maximise space storage
- Fire tested, FM Approved exceeds AS1940 compliance

CODE PBA-AU25748

PBA Safety 60L Compact Flammable Storage Cabinet

- Fully welded construction - 1.2mm steel - Double wall - 40mm thermal barrier
- Superior electrostatic high gloss powder coat paint finish
- Dual vents with built in flash arresters
- Close fitting, sequential self closing and latching door
- 3 point locking mechanisms
- Leakproof fully welded 150mm deep containment sump
- Shelves with built in troughs to contain spills
- Adjustable shelf height increments to maximise space storage
- Fire tested, FM Approved exceeds AS1940 compliance

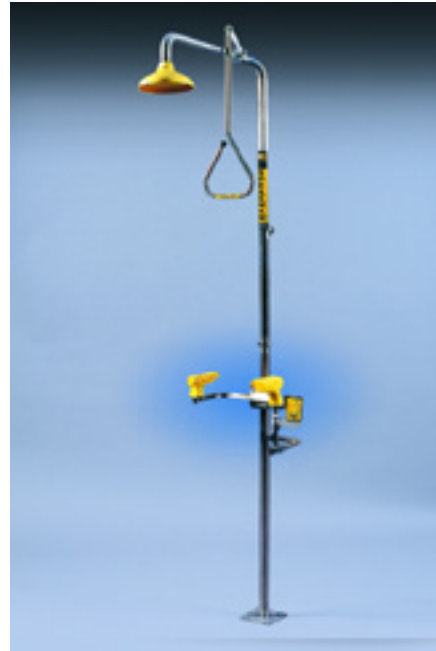

CODE PBA-AU25712

PBA Safety Pesticide Storage Cabinet

- Safely store pesticides
- Aluminium construction
- Green powder coated finish

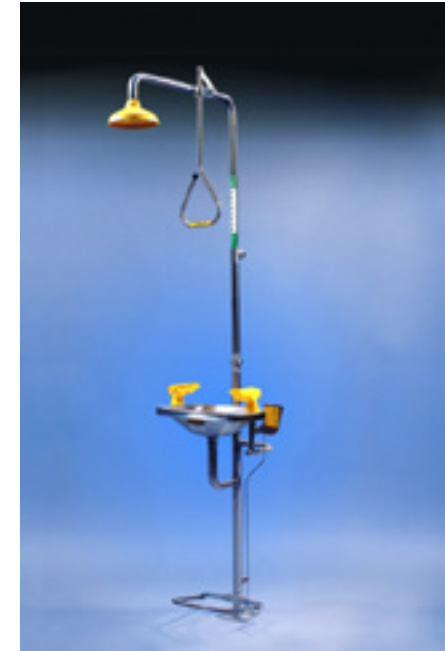

CODE PBA-PESTICIDE

PBA Safety Combination Deluge Shower with Aerated Eye Wash

- Deluge shower
- Aerated eye wash
- Hand operation

CODE PBA-SE685

PBA Safety Combination Deluge Shower with Aerated Eye and Face Wash

- Deluge shower
- Integrated aerated eye/face wash with basin
- Hand and foot operation

CODE PBA-SE607

SPILL CONTAINMENT

92

PBA Safety 2 Drum Hazmat Accumulation Centre

- 100% polyethylene impervious to most chemicals including acids and corrosives
- Low profile design is ideal for storing, collecting and dispensing
- Grey colour hides dirt and keeps your workplace looking clean
- Dimensions: 125cm x 64cm x 14cm

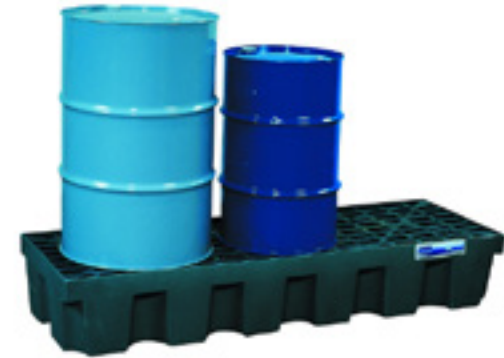

CODE PBA-28922

PBA Safety 2 Drum Spill Control Pallet

- 100% polyethylene impervious to most chemicals including acids and corrosives
- Low profile design is ideal for storing, collecting and dispensing
- Wide forklift pockets for easy relocation
- Seamless construction eliminates leaks
- Dimensions: 124cm x 64cm x 46cm

CODE PBA-28234

PBA Safety 3 Drum Inline Storage Pallet

- 100% polyethylene impervious to most chemicals including acids and corrosives
- Low profile design is ideal for storing, collecting and dispensing
- Grey colour hides dirt and keeps your workplace looking clean
- Dimensions: 185cm x 64cm x 29cm

CODE PBA-28703

PBA Safety 4 Drum Inline Storage Pallet

- 100% polyethylene impervious to most chemicals including acids and corrosives
- Low profile design is ideal for storing, collecting and dispensing
- Grey colour hides dirt and keeps your workplace looking clean
- Dimensions: 247cm x 64cm x 23cm

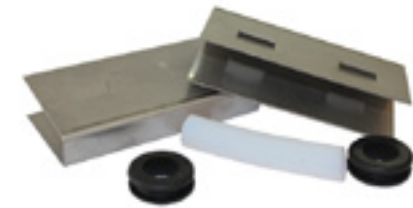

CODE PBA-28704

PBA Safety 4 Drum Spill Control Pallet

- 100% polyethylene impervious to most chemicals including acids and corrosives
- Low profile design is ideal for storing, collecting and dispensing
- Wide forklift pockets for easy relocation
- Seamless construction eliminates leaks
- Dimensions 124cm x 124cm x 26cm

CODE PBA-28254

PBA Safety Sump to Sump Joining Clip Kit

- Avoid spill overflow
- Avoid movement between pallets
- Includes joiner, grommets and tube

CODE PBA-28927

PERSONAL PROTECTION

Sundstrom Mask and Filter Kit

- 1 x SR90 TPE/ M/L Half Mask
- 1 X Gas Filter A1 SR217
- 1 x Particle Filter P3 SR510
- 5 x Pre-filter 221-1
- 1 x Pre-filter Holder
- 1 x Cleaning Napkin
- 1 x Storage Container

CODE RI-512SN-06135

Pro-Tek Large Powder Free Latex Gloves - Pack of 100

- Powder Free
- Non-Sterile
- Ambidextrous
- Single Use

CODE TSP-LATEXGLOVE-L

Hi-Calibre Disposable Coveralls

- Type 5 & 6 Water resistant and waterproof
- Breathable, disposable coverall made from Microporous film
- Self-adhesive zip flap
- Antistatic, electrostatic
- Lint free

CODE RI-220SD-300410

Sundstrom Organic Filter

- Organic gas filter A2 SR218
- Organic vapour filter class A2 (high capacity)
- Plastic polypropylene with no metal parts.
- Used against organic gas and vapour with a boiling point above +65°C
- The filter fits into the filter attachment of Sundström's half and full face masks

CODE

RI-511SN-SR218

Black Nitro Disposable Gloves - Pack of 100

- Beaded cuff for easy fitting and prevents roll down
- Superior strength
- Excellent puncture resistance
- Powder free
- Odour free
- Chemical resistance to incidental splash exposure

CODE RI-870SD-468460

Radar Force 360 Safety Glasses

- Economy safety glasses
- Medium impact
- Lightweight - 16 grams
- Choose from 2 different lens types - Clear or Smoke

CODE RI-300PB-WRX8

Hi-Visibility Waterproof Jacket With 3M Reflective Tape

- Fully waterproof 3/4 length breathable Hi-Vis jacket
- Oxford outer shell with mesh lining including the full length of the arms
- Lightweight yet extremely durable construction allowing for increased comfort with exceptional performance
- Very high water test rating
- Elastic storm cuff
- Tuck away detachable waterproof hood
- Fully heat seam sealed
- Inbuilt embroidery pocket which doubles as an internal storage pocket
- Two deep external front pockets with covered storm flaps and press stud closures
- Heavy duty plastic dual zipper for increased flexibility
- Full front storm flap with reinforced press stud closures
- Genuine 3M reflective tape around the body, over the shoulders and around the arms
- Brilliant stand alone jacket for all environments and climates

CODE RI-216PM-HV306

Ninja CFT Foam Gloves - Pair

- Foam PVC HPT coat provides a spongy, durable and flexible grip
- The HPT further repels liquid to ensure excellent wet and dry grip
- Encapsulated air molecules provide vibration absorption
- Foam PVC unlike nitrile resists many glues, making it ideal for woodworking and auto assembly

CODE RI-830YS-G001

Fur Lined Riggers Glove XL - Pair

- Heavy duty stitching
- Beige cowhide outer
- Synthetic inner lining
- Extra Large - Size 11
- Lock and back stitched at ends
- 1mm leather thickness

CODE RI-860SD-426100-11

Peltor H10A Headband Earmuff

- Dual cup protection
- Liquid sealing rings for improved comfort
- Unique low profile headband design helps maintain constant pressure thus providing confidence in protection
- Large space inside cup helps reduce moisture and heat build-up
- Soft wide cushions helps reduce pressure around the ears and improves comfort and wearability
- Easy to replace cushions and inserts helps keep them hygienically clean

CODE RI-720I

Uvex Corded Disposable Foam Earplug - Box of 100 Pairs

- Excellent noise reduction, class 5 (26dB)
- AS/NZS 1270 approved
- Ergonomic shape and low expansion pressure for comfortable fitting
- Patented x-recess reduces pressure build-up on the outer ear
- Unique density structure to maximise wearer comfort
- High visibility lime colour for easy visual inspection

CODE RI-710UV-XF-CD
PC-SUPERBASE

50+ Sunscreen - 2.5 Litre Pump Pack

- Protects against UVA Both SHORT and LONG wave and UVB radiation
- Nano Particle Free
- 4 Hour Water Resistant
- Dry touch
- Contains Vitamin E and Aloe Vera for Moisturising and Conditioning the skin
- Rubs in Clear

CODE 920PS-SS25-50

Country Club International Antibacterial Hand Sanitiser - Bulk Pack

- Anti-bacterial
- Kills 99.9% of germs instantly
- Air dries in seconds
- pH balanced
- Moisturises
- Requires no water

CODE TM-SANITISER-PACK

Polo Citrus Orange Pump Soap With Beads

- Gentle yet effective
- Rich creamy lather
- Safe for use on hands, hair and body

CODE PC-30720

Country Club International Auto Infrared Hand Sanitiser Kiosk Plus Refill

- High precision infrared auto-sense temperature sensor
- Automatic temperature measurement & sanitiser dispenser in one
- Intelligent and clear digital display
- Smart power saving & auto wake-up
- Runs off 240V adapter supplied or 4 x AA batteries
- Solid stable base with chrome support 1500mm high
- High temperature red light & alarm
- Choose from sanitiser refills in 5 litre bottles or 20 litre tubs

CODE TF-88_PACK

Polo Citrus Orange Super Base Cleaner

- Orange oil based
- Removes grease and grime
- Organic and biodegradable
